Stolen Agriculture Report

County: Grant County

Taken from Grant County sometime between the end of April and May 3, 2014:

24 head heifers

90% are mostly black and the other 10% are black white faced and red white faced

Brand is on L hip and is a bar over the number 3 and the letter H, i.e., 3H

Weight is approximately 900 pounds each

These animals were being prepped for artificial insemination and some of them had seeders so may have signs of irritation if seeders have been removed recently

Anyone with information contact:
Special Agent Dusty Goforth
