County: _____ Telephone: _____

Integrator Name: _____

Please answer the following questions (attach appropriate supporting information as needed, i.e., maps, further description, etc.). If approved, additional correspondence and information may be needed if mass mortality plan is utilized.

1. Please describe the proposed primary method of carcass disposal as a result of a catastrophic loss (if needed, include additional info on separate page).

2. Please describe the management practices that will be utilized onsite to help ensure waters of the State are not impacted as a result of this proposed method.

3. Please include maps; both aerial and topographic (and soils map if applicable) and clearly identify the proposed location that will be utilized for the management of mass carcass disposal. Proper site selection is a key component.
