Name of Event \_\_\_\_\_ Date \_\_\_\_\_

Location \_\_\_\_\_ County \_\_\_\_\_  
 (Physical Address, City, Zipcode)

Event Premise Identification Number \_\_\_\_\_ Type of Event: Show or Sale

I understand all swine present at this event shall meet the following requirements and that these requirements must be verified before swine are allowed on the event premises:

- Verification of a federal premises identification number or state location identifier.
- Individual identification
  - Oklahoma origin swine may be identified by ear notch, farm tag, button tag, or official identification (USDA approved metal tag, RFID tag, or premises ID tag).
  - Out-of-state swine shall be identified by official identification.
  - Federal code requires that all swine moved interstate shall be officially identified. Therefore, at sales and exhibitions with sales, it is strongly recommended that all swine be officially identified since there is potential for interstate movement.
- Brucellosis and Pseudorabies testing (Must meet one of the following 3 options):
  - Originate from a Validated & Qualified (VQ) herd. The VQ number, most recent quarterly test date, and animal ID shall be listed on a valid Certificate of Veterinary Inspection (CVI) or other document signed by an accredited veterinarian.
  - Negative Brucellosis and Pseudorabies tests within 30 days prior to event. Test results, laboratory name, and animal ID shall be listed on a valid CVI.
  - Oklahoma Origin Swine Only: Negative Brucellosis and Pseudorabies tests after June 1 for Fall events and after December 1 for Spring events. Test results, laboratory name, and animal ID shall be listed on a valid CVI or Oklahoma swine test chart.
- Out-of-state swine shall have a ODAFF approved import number listed on the CVI.

I understand that it is my responsibility as the event coordinator to submit the following records to ODAFF within 15 days after the event:

- Name, address, phone number, and premise ID number for all participants.
- Individual ID, age, breed, and sex of all swine.

Electronic spreadsheet is the preferred format, however, hardcopies are acceptable. The event coordinator is no longer required to maintain these records, once ODAFF has verified receipt.
